

**2008 Information Technologist/CTO of the Year Award  
Nomination Form**

**Nomination Criteria:**

A nominee must be a current CTO or equivalent senior information technologist in engineering or development in an Austin-area company, government agency, or non-profit organization. The basis for recognition is technical leadership with a hardware, software, internet, or other platform product or service. This leadership should be demonstrated through one or more of the following accomplishments:

- ◆ **Innovation** - Creation of an entirely new technology-based product or service.
- ◆ **Creativity** - A development or enhancement of a technology product or service through the creative use of engineering or product design principles.
- ◆ **Impact** - An increase in the benefits experienced by the ultimate consumers of the technology product or service.
- ◆ **Delivery leadership** – Excellence in product delivery leadership skills in the eyes of the staff and the executive management of the organization.

In addition to one or more of these accomplishments, an individual's **current community service activities** may also be considered in the final selection process.
